

NEW LUNCH N' LEARN BENSON STUDENTS

Check out the new Lunch N' Learn program. Children in Benson's morning Preschool program can now extend their learning experience.

Following the morning session there will be time for lunch and free play. The afternoon session continues with crafts, games, stories, and gym/outdoor time. Ideal for parents looking for uninterrupted time to work or play.

To accommodate families enrolled in the Benson School Preschool program, we have added a supervised transition to walk from Benson School to the Itasca Park District Rec Center.
